The Fund's disclosure in accordance with SFDR

The Sustainable Finance Disclosure Regulation (SFDR) is a EU joint regulation sustainability-related disclosures. The SFDR regulation requires financial actors, such as fund companies, to provide information on the extent to which a fund promotes and/or its investments contribute to an environmental or social objective. Depending on the fund's sustainability profile, it reports according to one of three different categories: as an Article 6 fund, an Article 8 fund, or an Article 9 fund.

- ☐ The fund has sustainable investments as its objective– Article 9
- ☐ The fund promotes environmental and/or social characteristics – Article 8
- ☐ The fund does not have sustainability as its objective, but may take sustainability risks into account – Article 6

(Article 9) The fund has sustainable investments as its objective

Insert comments

(Article 8) The fund promotes environmental and/or social issues

Insert comments

Minimum percentage of sustainable investments

The minimum percentage (%) of sustainable investments in the fund, and the prospective minimum percentage (%) of investments (excluding sovereign debt) in environmentally sustainable economic activities as prescribed under the EU taxonomy regulation.

- Minimum percentage (%) of sustainable investments in the fund.
- Minimum percentage (%) of investments (excluding sovereign debt) in environmentally sustainable economic activities as prescribed under the EU taxonomy regulation.

Insert comments

Method: Inclusion

The fund selects investments that are deemed sustainable

Insert comments

- ☐ Number of days lost to injuries, accidents, fatalities or illness
- ☐ Lack of a supplier code of conduct
- ☐ Lack of grievance/complaints handling mechanism related to employee matters
- ☐ Insufficient whistleblower protection
- ☐ Incidents of discrimination
- ☐ Excessive CEO pay ratio

Sustainability indicators related to energy consumption

- ☐ Breakdown of energy consumption by type of non-renewable sources of energy

Sustainability indicators related to emissions and inputs

- ☐ Investment in companies producing chemicals
- ☐ Land degradation, desertification, soil sealing
- ☐ Investments in companies without sustainable land/agriculture practices
- ☐ Investments in companies without sustainable oceans/seas practices
- ☐ Non-recycled waste ratio
- ☐ Natural species and protected areas
- ☐ Deforestation

Sustainability indicators related to green bonds

- ☐ Share of securities not certified as green

Sustainability indicators in government securities and treasury bonds

- ☐ Share of bonds not certified as green under a future EU act setting up an EU Green Bond Standard

Sustainability indicators in real estate investments

- ☐ Exposure to fossil fuel through real estate assets
- ☐ Exposure to energy-inefficient real estate assets
- ☐ GHG emissions
- ☐ Energy consumption intensity
- ☐ Waste production in operations
- ☐ Raw materials consumption for new construction and major renovations
- ☐ Land artificialisation

Sustainability indicators related to human rights

- ☐ Lack of a human rights policy
- ☐ Lack of due diligence
- ☐ Investment in companies that have inadequate policies regarding trafficking
- ☐ Operations and suppliers at significant risk of incidents of child labour
- ☐ Operations and suppliers at significant risk of incidents of forced or compulsory labour
- ☐ Number of identified cases of severe human rights issues and incidents

Sustainability indicators related to corruption

- ☐ Lack of anti-corruption and anti-bribery policies
- ☐ Cases of insufficient action taken to address breaches of standards of anti-corruption and antibribery
- ☐ Number of convictions and amount of fines for violation of anti-corruption and anti-bribery laws

Sovereign and supranationals

- ☐ GHG intensity
- ☐ Average income inequality score
- ☐ Average freedom of expression score
- ☐ Average human rights performance
- ☐ Average corruption score
- ☐ Non-cooperative taxes jurisdictions
- ☐ Average political stability score
- ☐ Average rule of law score
